

PROFESSIONAL SUMMARY

Cybersecurity student focused on penetration testing and web security, with hands-on experience in reconnaissance, vulnerability assessment, and web application testing. CEH-certified, with practical experience gained through TryHackMe labs, CTFs, and a web exploit hunting internship.

EDUCATION

B.Tech in Computer Science Engineering – Cyber Security

2023 – 2027

Bharath Institute of Higher Education and Research (BIHER), Chennai

CGPA: 8.01/10

EXPERIENCE

Cybersecurity Intern – Web Exploit Hunting & Bug Bounty

Apr 2026 – Jun 2026

EdSkill Academy — Remote Internship

- Completed a 10-week internship focused on web exploit hunting and bug bounty methodology
- Conducted web application testing, network scanning, and reconnaissance in controlled environments
- Analyzed application behavior and common security weaknesses using penetration testing tools

Cybersecurity Trainee – Self-Directed

Jan 2025 – Present

TryHackMe

- Top 4% globally on TryHackMe — 104+ rooms — 14+ badges
- Conducted network enumeration, HTTP analysis, password attacks, and privilege escalation across security labs
- Applied Linux command-line techniques and offensive security tools in challenge-based environments
- Continuously expanding practical security experience through ongoing labs and challenge-based training

PROJECTS

Domain Scanner – Python Reconnaissance Tool

2024 – Present

- Developed a Python tool for automated subdomain enumeration and directory scanning
- Implemented HTTP response analysis and automated asset discovery

Email Scraper – Python Data Extraction Tool

- Developed a Python tool for automated email extraction from web pages
- Implemented URL processing, HTTP requests, and pattern-based email identification

HACKATHONS & CTFs

- CyberFest’26 — KCG College of Technology

Feb 2026

CTF Competitions — Web Exploitation, Cryptography, and OSINT

- XploITX’26 — Prathyusha Engineering College

Mar 2026

24-Hour CTF — Web Exploitation, Cryptography, and OSINT

TECHNICAL SKILLS

Security: Penetration Testing, Web Security, Network Security, Vulnerability Assessment

Tools: Burp Suite, Nmap, Wireshark, Metasploit, SQLmap, Hydra, Gobuster

Programming: Python, Bash, C, C++, Java, HTML, CSS, JavaScript, SQL

Systems: Kali Linux, Ubuntu, Windows    Other: Git, GitHub

CERTIFICATIONS & ACHIEVEMENTS

- Certified Ethical Hacker (CEH v13) — EC-Council
- ISC2 Certified in Cybersecurity (CC) Exam — Passed
- Web Exploit Hunting & Bug Bounty Internship Certificate — EdSkill Academy
- Pre-Security Certificate — TryHackMe
- Ethical Hacking with AI — Certificate of Training, Internshala
- Foundations of Cybersecurity — Google via Coursera
- Advanced Diploma in Python Programming — CSC
